Over the past two months, our classroom has been filled with discovery, creativity, and joyful learning. The children enjoyed a visit to Brighter Smiles Playland and took part in activities celebrating the Mid-Autumn Festival.

Through our 'Going to School' theme, they practised making friends, joining group activities, and following classroom routines. In 'All About Me', they explored their facial features and senses and learned simple ways to care for their bodies. The children have approached each experience with curiosity and confidence. We look forward to supporting their continued growth and sharing more exciting discoveries in the months ahead!

The first two months in LK have brought many new experiences. Moving up from Class N can feel exciting and a little unfamiliar, but the children are settling in well. They're becoming more independent by changing their shoes, taking out their folders, and handing in their homework.

We've also started practising writing numbers and Chinese characters. It can feel tricky at first, and we sometimes hear, "I can't do it!" With a little encouragement and guidance, the children are learning to keep trying and making lovely progress. We're so proud of their effort and growing confidence!
